Amaryllis *(Hippeastrums)*

Prized for their dinner plate sized, vivid flowers that bloom in abundance in early summer in gorgeous shades of red, white, pink, wine, salmon and apricot. They grow from bulbs that spear through the air up to 60 cm and can be grown in pots anywhere or outdoors in warmer areas.

With Amaryllis, size is important. Our large, bumper-sized Amaryllis bulbs are sourced from the world's finest producers ensuring 2-3 flower spikes with 3-4 blooms on each, giving a longer flowering time.

Wildflower Mixtures

Wildflowers are timeless beauties

that will reward you with the most stunningly beautiful displays of colour that change week by week as new plants begin to flower as the old ones fade. They are easy to grow, very low maintenance and attract beneficial insects. Imagine a garden alive with bees, birds and butterflies amongst the drifts of colourful wildflowers. All wildflower seeds can be sown directly into the garden.

EACH 15GRAM PACK
WILL COVER 15M² -
\$14.90
